I know that beggars can not be picky, and miracles never happen, but is there anyone who is great, nice and epic enough to upload a PC version so that PC players can enjoy this game as well.. You warrant and warrant that you: (1) are not a Forbidden Party that has been identified on a government export exclusion list (see eg); (2) not re-execute or use the Services to transfer software, technology or other technical data to prohibited parties or countries; and (3) not use the Services for any military, nuclear, missile, chemical or biological weapons or perform any other activity related to the Services and in violation of US export and import laws.
